HERO YOURSELF

- Sharp performance and robust manipulation all in one
- Balanced competition between power and driving
- Create the king of competitors chasing the sense of glamour driving

0.26 ultralow wind resistance

Thermoformed steel-aluminum hybrid high-strength light-weight body

The hot forming steel-aluminum high-strength light-weight BIW, using 44 pieces of hot forming steel plates, which strength up to 1,500MPa, to build a high-strength cage frame. Through the steel-aluminum composite light-weight design, it creates a light-weight and tough travel safe house, not only for the pursuit of speed and passion, but also for the seeking of smoothness and peace of mind.

Three driving modes deal with the challenges of all road conditions in real time

Economic mode: better economic electric energy
Motion mode: more positive power response
Standard mode: both economic power and electric energy

Enjoy comfortable driving with four-wheel independent suspension

The design of front McPherson rear multi-link independent suspension provides comfortable driving experience. Drive forward in comfort with driving control at ease.

Electric energy control experiences in six places of China and France Multi-dimensionally verify the vehicle dura- bility and reliability

Adhering to the guardianship spirit,
it has experienced the extreme trials of multiple road
conditions in six places of China and France

Comprehensive 10+ Airbag System

Overcoming All-Scenario Challenges

Matching Chinese and European Standards

Stringent Quality Management System

HERO YOURSELF

Build a multi-dimensional guarantee of safety for care and peace of mind with strong internal strength

HERO YOURSELF

The application of eco-dynamics art aesthetics,
enables driving just like a cheetah running in the high wind

Regardless of light and shadow changes,
sharp lines are vivid, and tough edges and corners are agile

Accumulate light in shape and concentrate mind on body, see all around
and travel in distance

Dazzling silver-hook LED headlamp

In addition to the dazzling silver-hook headlamp, an upgraded design of adaptive high and low beam lamps brings more flexible and intelligent eyes, and the light will accompany 93 forward.

Concealed electric door handle

The hidden assistant is integrated with the vehicle body and the unlocking handle of the vehicle automatically pops up to bring you a full sense of ceremony.

Michelin Haoyue 4 mute tire

The aluminum alloy hub is equipped with Michelin Haoyue 4 high-performance tires for excellent silence, comfort and grip, and multiple sporty shape.

Product definition

Name	Comfort 500km
Specifications	
Dimension(mm)	4675x1835x1480
Wheelbase (mm)	2750
Max. speed (km/h)	≥140
CLTC antonomy mileage (km)	≥550
NEDC antonomy mileage(km)	≥500
0-50 km/h acceleration time (s)	≤3.9
0-100 km/h acceleration time (s)	≤10.2
Max. power (kW)	118
Max, torque (N.m)	225
AC charging (h)	8~10
DC charging (SOC 30-80%,min)	30
Wheel Type	Aluminum •
Tire spec.	215/55 R17
Intelligent Driving Control	
360° degree panoramic image	•
Cruise control	•
Electronic parking	•
HSA hill assist system	•
WCBS Brake By Wire System	•
Safety Assist	
Front side airbag	•
Speed sensing auto-locking	•
Child safety lock	•
Appearance	
Body color	Black、White、Grey、Cyan、Blue
Panoramic skylight	•
Concealed door handle	•
Automatic air conditioning	•
Comfort and convenient	
Master seat adjustment	Electric 6-way
Passenger seat adjustment	Manual 6-way
Number of speakers	6
12V power source	•
USB port	2+1
Charging Mode	CCS2
Language	English/Thailand /Malaysia/Chinese

SMART HOME SPACE

The super large driving space of the same level expands the space utilization imagination
Inspiration technology always puts people first to enjoy a comfortable intelligent cockpit

6-way power seat

The driver's seat is electrically adjustable in 6 directions and the driver can switch the comfortable driving and riding spaces at will to meet the space needs of the driver and passengers for free and pleasant travel.

14.6-inch multimedia touchscreen

The central console features a 14.6-inch multimedia touchscreen that makes driving an easier and more pleasant experience.

Intelligent thermal management system

Use the first waste heat A/C system for EV in China to effectively improve the energy consumption index and increase the endurance mileage by 30% compared with that of ordinary PTC heating A/C (heat pump A/C optional).

360 AVM visual system

Accurate identification of the surrounding environment and support of 100+ parking scenarios, including incomplete parking lines and parking spaces on curves, with an all-around view enable the blind spot disappear and the field of vision return.
